### The Community Lifts Up House Horizon

Although we are experiencing these difficult times, our friends and supporters continue to treat us with an overwhelming amount of generosity. We simply cannot thank them enough for their continued support for the men and women we serve.

We have received donations of:

- Wawa gift cards for some of our staff.
- Pizzas were donated and delivered to our homeless services cafe (shelter). The atmosphere was almost festive even if for a few moments. It was an uplifting moment for staff and participants.
- BNI Main Line 1 donated some dinners to be sent to our homes.
- FemCity Philadelphia started a campaign to raise money to order meals for our participants.
- Cappelli Tailors in Wayne sewed protective reusable masks for our staff.

You touch our hearts and let us know we are not alone during these challenging

# Together We Can Overcome

The COVID - 19 pandemic has turned our lives upside down. The fear of the unknown is understandable and stressful. Now more than ever we should take one day at a time. Be sure to take a break from the virus. Keep informed but don't be consumed by the news. Find something you enjoy that you can do that takes your mind off the pandemic...something that can be an escape even only for a short time.

**Horizon House** serves adults, who live with disabilities throughout counties in Pennsylvania and Delaware. Some face multiple challenges, including serious and persistent mental illness, developmental and intellectual disabilities, and histories of substance abuse. Many have lived for years without homes--either on the streets or in shelters--and often struggle with the additional burden of coming to terms with traumatic encounters. Nearly all individuals served by Horizon House are economically disadvantaged.
